

## Oil Test Case N°3

Test Kit to check main parameters of your lube oil

- Water-in-Oil Test (also suitable for all kind of fuels)
- Base Number Test - alkalinity reserve of engine oils
- Viscosity Test – comparison of fresh and used oil

The **Oil Test Case N°3** contains the three main tests – water content, base number and viscosity – to determine the quality of your lubricants onsite.

With TRIBOMAR products at your side you get the expertise to help yourself controlling the operational conditions of your machinery equipment.

The new developed oil test case contains the test devices which enables engineers to test the most important parameters. This means a reliable indication about the performance of the engine oil at any time without a professional lab aside. Improved features on testing and handling are providing to the field engineer an easy to use test equipment with repeatable accuracy.
